AUDITOR'S REPORT

In auditing the accounts of the various town officers of Swanzev, N. H., for the 12 months ending January 31, 1926, I find with exceptions noted herewith, that the accounts balance, and considerable care and pride taken by the various officers to see that the towns accounts are kept in as near a perfect manner as possible and when it is considered that in this 12 months period, nearly \$80,000 has passed through the various hands, it would not be a strange thing if a few mistakes were found.

In the treasurer's accounts two mistakes were found, totaling 6 cents, caused by faulty notations on orders.

In town clerk's account three mistakes were found, totaling \$11.52 in the dog and auto tax being overpaid by town clerk to town treasurer, and to be refunded by treasurer to town clerk in next remittance passing.

In trustees of trust funds. Charles W. Graves Cemetery Trust Fund of \$200.00 was turned over to treasury instead of holding money until article in town warrant covering this item was voted upon. A matter that can be easily adjusted if article is not accepted.

An audit complete in tax collector's accounts cannot be made, as I found no record of interest collected upon past due taxes, and the following report is all that can be made upon the tax question.

Entered in the tax books and committed to F. O. Dodge to collect, are following taxes.

1924 balance due town from J. W. Haley,
collector,

\$974 94

F. O. Dodge has collected \$381.07.

In reporting appropriations to selectmen, the appropriation of \$6,000.00 for highways and bridges was committed, and no provision made for same in making up tax rate, therefor it being paid by the town, it increases the town debt \$3,726.32.

REMARKS

The schools in Swanzey are doing creditable work, with alert teachers and interested pupils. The new building at the Centre is well filled and makes possible better work than in the rooms of last year.

On advice of counsel the school board sold at auction, the No. 5 school house. It was suffering from want of repairs and the uncertainty of the title of the land on which it sits made it advisable to sell at once. If it is ever possible to prove that the district owns the land, that too can be sold.

This year there are 51 pupils from Swanzey attending Keene high school, more than ever before. The tuition was again raised this year and has now been definitely fixed at \$75.95 each for this year. This tuition bill will be nearly \$1200 more than the \$2800 raised to pay it.

The new building was erected for a little less than \$5000, but the new seats necessary, the toilets, insurance, bond, surveying etc., etc., make it necessary to have about \$500 to pay in full. The extra team needed to convey the pupils to this building, at a cost of \$540 has boosted the transportation bill by that much over expectations. The supervisory union, of which we are a part, raised the pay of the superintendent so this year we have to pay \$425 as our share, instead of \$250 last year. Old bills for books and supplies contracted by the for-

mer superintendent and concealed by him, so we had no knowledge of them until after his departure have come in, amounting to \$400. The other districts in the union are all in the same way, some very heavily. These bills must be paid for the goods were received and used in our schools. All the above items are unforeseen charges, and unprovided for in our appropriations for this year. These will all be covered under Act 8, in the warrant.

Music and drawing have been taught in many of the schools this year, paid for by the efforts of teachers, pupils and parents. This is a desirable addition and can be continued if the district votes money to pay for it next year.

There should be more school yard room at No. 9, so the pupils will not be obliged to play in the road. The yard is very small.

There has been much agitation for installing electric lights, the district can vote its pleasure in regard to installing in one or more of the schools.

Respectfully,

M. N. HORNIG,
A. W. HOPKINS,
M. H. CARLTON,
School Board.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Swanzey :

I submit, herewith, my first annual report as Superintendent of schools.

BUILDINGS AND GROUNDS

The new building at the Center, accommodating the children formerly at Sawyer's Crossing and at the Library was ready for occupancy in September. This building is a great improvement to the educational equipment of the town. I have rarely seen such a good return on money invested as is shown here, and great credit is due to those with whom the project was entrusted. Still there are other matters that need attention. I quote from the report of my predecessor, Supt. S. S. Brooks, made last year :

"The dangerous cross lights in the Cutler and East Swanzey buildings, due to windows on three sides of the rooms, is very trying to the eyes and cannot help but lessen the efficiency of the work of both teachers and pupils, not to mention the permanent injury being inflicted on the eyes of the pupils."

These conditions still exist. The grounds at the Cutler school should be graded, displacing the mud and water that now covers the yard. The buildings at Westport, East Swanzey and Factory will need painting soon and I would recommend that the Westport School be painted this summer and the chimney raised several feet. You will note in the School Board's report an item of \$400, for alterations. I think this amount is sufficient to correct the lighting at East Swanzey and paint the Westport school and repair the chimney.

There is no playground at No. 9. The children must play

if they play at all, in or near the road and are in peril from autos and trucks from three different directions. When the cities are spending fortunes for playgrounds for their children, it would seem that in the country, where land is reasonable, that every school should have a playground.

Most of our school rooms are so poorly lighted that during the short days in winter artificial light is often needed so that the pupils may work full time without injury to their eyes. All of the buildings I think have electric lines passing by. At an expense of approximately \$750 all could be adequately lighted. If the district feels that this is too great an expense just at this time, might I suggest that some of the buildings be wired this coming summer and the rest the summer following?

HEALTH

I would call your attention to the report of Dr. A. W. Hopkins, the school physician. Thorough physical examinations are given all children once a year and notices sent to the parents of all children found to have physical defects. While the percentage of defects is the smallest of any town in my district, I wish to urge all parents who receive these notices to consult their family physician and have these defects remedied as soon as possible. I know of no better or quicker way to improve the schools than to improve the physical condition of the children upon whom we have to work. Last fall under the direction of Miss Lang, the district nurse, and with the fine cooperation on the part of Dr. Conboy, dental clinics were held in the schools and of the 183 children with defective teeth 112 were corrected.

MUSIC AND DRAWING

Through the voluntary efforts of pupils and interested groups of citizens and with the cooperation of the Keene Normal school, instruction in music and drawing was started in the Cutler school, East Swanzey and Swanzey Center. I

think the results have justified the effort. I feel, now, that is this work to continue, all the children should have the same opportunity and the work should be supported by the district. So I look for favorable action upon this article in the 'war-rant.

I find the work of the schools to compare favorably with the commonly accepted standards. The teachers are of high caliber and the spirit of the children is splendid. You will note that the percent of attendance is higher than a year ago, but with the continued cooperation of parents this can be made much higher.

In concluding this brief report, I wish to express my very deep appreciation to the Board of Education, to the teachers and pupils and to the citizens of Swanzey for their interest and cooperation in the administration of the schools.

Respectfully submitted,

WESLEY H. DOUGLAS,

Superintendent of schools.

Winchester, N. H., Feb. 16, 1926.
